**Gods Playing in the Clouds** incorporates some of the oldest and most powerful Taoist rejuvenation practices. It serves as a spiritual bridge to Taoist meditation. This qigong form, which is composed of six external movements, is the only program that Taoist Lineage Master Liu Hung Chieh, Bruce Frantzis' chief teacher, practiced daily for enhancing his own personal longevity after the age of fifty.

In this series, we will add extra focus on breath. With each week we will deepen the breath and allow it to facilitate the inner movements to arise throughout our bodies.

We allow the vibrancy within to awaken and to circulate, bringing a sense of clarity and aliveness. Every class concludes with meditation to bring us to more stillness and peace within, allowing the benefit of the whole class to saturate deeply.

The sense of well-being that arises for the body and mind is a powerful medicine that no doctor can provide for us.

In the hopes of not turning anyone away,  
these offerings are offered by donation.
